SAN FRANCISCO & PALO ALTO, Calif.--([BUSINESS WIRE](#))--Opendoor Labs Inc. ("Opendoor" or the "Company"), the pioneer and market leader in iBuying, has entered into a definitive business combination agreement with Social Capital Hedosophia Holdings Corp. II (NYSE: IPOB) ("SCH"), a publicly traded special purpose acquisition company, to bring public a leading digital platform for residential real estate.

### Company Overview

Founded in 2014, Opendoor has reinvented the real estate transaction, offering an on-demand, digital experience to buy and sell a home. Opendoor enables homeowners to sell and buy online in a few taps of a button, providing greater simplicity, certainty and convenience than ever before. Since its founding, the Company has served over 80,000 customers and sold over \$10 billion of homes. In 2019, the company sold more than 18,000 homes, generating \$4.7 billion in revenue.

Residential real estate remains the largest, undisrupted market in the U.S. with \$1.6 trillion in annual home sales and less than one percent online penetration. For consumers, the current process of buying or selling a home is complex, uncertain, time consuming and offline. Opendoor, as the innovator and market leader in iBuying, streamlines the transaction and brings the end-to-end experience online. Homeowners can go online to request and accept an offer, select their preferred closing date, sign and close. This collapses the entire house selling process into a few simple steps and removes up to 100 days of hassle and uncertainty. Home buyers can download the Opendoor app, tour and visit homes instantly with self-tours, get financing at competitive rates, and make an offer, all with just a mobile device. Collectively, Opendoor has built a simple, elegant, on-demand buying and selling experience.

The shift from offline to online consumption continues to accelerate, driving increased customer awareness, adoption and growth. Consumers are prioritizing safety, demanding digital experiences, moving out of dense areas and searching for more space to work from home. These trends create significant tailwinds for Opendoor, whose mission is to empower people with the freedom to move.

Opendoor currently operates in 21 markets across the U.S., including cities such as Phoenix, Dallas-Fort Worth, Raleigh-Durham, Atlanta and Orlando. Given the demand for a digital way to buy and sell a home and the much needed digitization of services around the home, Opendoor plans to grow market share in existing markets, expand to new markets and launch new products that make real estate transactions even more seamless.

The Company's management team, led by Founder and CEO Eric Wu, will continue to lead Opendoor. SCH's Director, Adam Bain (former Chief Operating Officer of Twitter), will join the merged company's Board of Directors upon completion of the transaction.
